A live shell Captain of the Watch were fixed at from 1,as follows. It is evident that the Domocra- nati Enquirer brings word that the Treasur- having fallen in front of one of his young as some would suppose:

"The above shows on its face the motives that indied it, and needs not one word of this Bank, were but \$109,88), to meet a explosion, and was blown up. Rolling in comment. It comes with a bad grace from Charles L. Weller, the greatest demagogue that ever disgraced the House of Representatives; one whose squeaking and whip-crack-

> More ABOUT RIFLES .- We find the following in the Hartford Courant. The trial

weight, upon the following terms: A target, six feet in diameter, to be placed at a distance of one-half mile. The gan that puts the greatest number of balls into the target, in thirty minutes, shall be declared victor and be entitled to the reward.

The trial to take place at Washington, D. Hartford, May 19th.

THE CONET AND PLANET BUSINESS. - AND timore city to the Washington Telegraph New Albany (Ind.) Tribune, in giving an not our scientific friends in Harvard and says that a "young man named Force has account of his trip to the E st. makes the business rather too far! A new planet in been residing partly in this city and partly in following notice of a gentleman of this business rather too far! A new planet in the course of three of three of for years and comet business rather too far! A new planet in the course of three of t ring which all the railroad bridges in our State over the Canals, was to come down, either voluntarily or involuntarily. This was the order of the Board of Public Works, but we are of the cointon that the Roard sede both steam and water. It is stated that boats, a variety of character; but on the out eleven or twelve new comets, the tele a model of the machine is already in exist- whol. I have never seen so agreeable a com- graph does not exactly know which; and the ence, and that it has been patented with an pany on any boat. There was one passen- rivalry among observers is so great that every injunction of secrecy for a certain time. So ger who attracted considerable attention, country and every institution with preten-Society, or some other means as the Confollows:

The western mail will leave Bultimere

The is a resident of Cincinnati, and a man of count canals, if any such there should be, that he had one part of the machinery, no in of our canals. If it is a resident of Concinnati, and a man of count canals is an administration of our canals. If it is a resident of Concinnati, and a man of count canals is an administration of our canals. If it is a resident of Concinnati, and a man of cautious has he been to avoid infringement;

The western mail will leave Bultimere

The western mail will leave Bultimere

The western mail will leave Bultimere

The is a resident of Concinnati, and a man of cautious has he been to avoid the serious bettern mail will be a can administration of our canals. If it is a another in Philadelphia, and another in New York. The seperate parts thus constructed were, in due time, collected in Baltimore and put together by the inventor himself in a all on who differ from him. There are, in directions! We have great confidence in room into which no person has been permitted to enter. It is said to bring the atmosphere into use as a new and important agents
amounting almost to independent self-action,
that this new momentum can be so increased

The who differ from him. There are, in
directions! We have great confidence in
his estimation, but two parties, the Demothe Boxb, and we have no doubt that the
crats and the Theocrats. The world, thro' business is reasonably safe so long as it is
his instrumentality, is to be revolutionized, confined to regular professors, but every
and a Theocracy to be established again. He
was on his way to Washington City, to see
that this new momentum can be so increased
the President and Cabin t, and to give them
that this new momentum can be so increased

> THOMAS PAINE .- The Bordentown (N. J.) R gister, in commenting upon the improve-ments in that place, mentions an old dwelling which is to be torn down, that wa-formerly owned by ThomasPaine. He did not reside there, however, but during his stay at in walking from the upper end of town down to his home, with his head upon his breast, Suppex Courtshirs .- About 3 o'clock he would cross the street backward and for-

EDITORS OF METHODIST PAPERS .- At the G n ral Conference of the Methodist Church, at Boston, among other business, the following elections for persons to take the editorial control of the Methodist papers were made, viz: R v. Thos. E. B nd was elected editor of the Church Advocate and Journal, New York: Rev. Charles El'iot, editor of the Western Advocate, Cincinnati; Rev. John McClintock, editor of the Quarterly Review, N. Y.: D. P. Kidder, Sunday Advocate, N. Y.; Wm. Hosmer, Northern Church Advocate, Auburn, N. Y .: Wm. Nast, Christian A rologist. PANANA RAILROAD .- In the local column of the New York Express of the 21st inst. is the following paragraph:---

Mr. John L. Stevens stated, last night Sure enough how could I be so pletion of the Panama Railroad within one year, and that George Law was the guarantee for the fulfillm nt of the engagement .--us, a gentleman o fine talents and agreeable the commerce of the world is incalculable.

IMMENSE CONTRACT .- A contract for building the Terre Haute and (Illinois) Railler me!' cried the terrifi d mantum ker .- road, has been entered into by Messrs. Willis Phelps, Wm, Mattoon and Jas. Barnes of Springfield Mass. This road extends 175 and with all the alertness of a young dress miles, nearly across the Southern part of Henois. These gentl men have contracted she did not bunt more than half an hour, be- to build the road, furnish the iron, build the denots, cars, locomotive, &c., putting the en tire road in running order, with three millions of dollars. The route is comparitively an easy one, and it is believed that the roa will be completed within two years. These

JAMAICA SCOURGED .- At latest dates the small-pox was scourging the Island of Jamaica at a terrible rate. In Falmouth, with a population under 4,000 it is supposed 150 are dead, and it is thought that nearly threefourths of the inhabitants have had the disease in some shape or other. There is not an estate within a large district of the parish which have not lost a number of laborers, sometimes six, eight, twelve and even more. At Panterpant estate, with a pepulation of prehaps 140, 18 had died of small-pox up to the 21st inst.

HIGH MANURING .- The editor of the Mich-General Rosas.—A London paper thus finds it profitable. Although he makes much large additional quantities 5 miles after paving over two and a half dollars per ton when

> A MAN DROWNED .- An industrious and worthy young German, by the name of John Ivers, who has been employed in driving the muii coach between this city and McConnelsville, was accidentally drowned in the Mugkingum river, near the Locks, in this

> city, on Saturday night. In company with three or four others, he went in to bathe, when getting beyond his depth and being unable to swim, he sunk to rise no more .- Zanes. Cour.

SALARIES IN NEW ORLEANS .- The salary of the Mayor of New Orleans has been reduced from 4,000 to \$3,500, with an allowance of \$4,500 for clerk hire; the salaries of the Comptroller, Treasurer and Surveyor, were reduced from 3,000 to \$2,500 each; the Recorders in two districts to \$2,400 each 000 to \$1,500 according to districts.

NED BUNTLINE .- The St. Louis Intelligencer of Tuesday last says that Edward C. Z. Judson, who has obtained considerable notoriety under the soubriquet of "Ned Buntline," was committed to jail on Saturday last on a capias. He stands indicted for riot on the day of the late Municipal election. pearance to answer the charge and was re-leased. He subsequently gave security for his ap-

Or The most striking illustration of the saying, "that the pith of a lady's letter is the postscript," which we have heard of was that of a young lady, who, having gone out to Indiana, and writing home to her friends, concluded in the following words: "You will see by my signature that I am married."

THE MEXICAN SLAVE TRADE.-The practice of purchasing Indian children for slaves, is a trade carried on by the Mexican population of new Mexico and California.

LEAD .- The Galena lead mines have not been so productive this year as last. According to reports from the upper mines, the shipment in March and April, 1851, amounted to 98,535 pigs; for the same months this year, 53,231 pigs—decrease, 45,305 pigs.
